CII AND CPAR MATCHING LEGEND

In the CII and CPAR project there are 3 places information will be pulled to within Alberta Health Services.

1. **Netcare** – Information is securely shared with other providers can see this information as it is published in the CII Community Encounter Digest (CED) report.
2. **Healthcare Data Repository** – Information uploaded to the Health Care Data Repository is not visible or published.
3. **Central Patient Attachment Registry (CPAR)** – Information uploaded to CPAR enables secured sharing of patient’s health care information with other providers in the patients circle of care and the primary provider

To identify where each piece of information will be directed to, please use the following legend and corresponding colors.

	Netcare (CED)
	Healthcare Data Repository
	CPAR – Central Patient Attachment Registry
